1.- Introduction

The Board of Directors of Banco Sabadell, S.A. (the "Bank") has approved the update on this Policy on communication and contacts with shareholders, institutional investors and proxy advisors in order to adapt it to the amendments made to the Bank's organisation and to the recommendations contained in the Combined Code of Corporate Governance that was published by the National Securities Market Commission on 24 February 2015.

The Board of Directors is the competent body within the Bank to set the policy on the reporting and disclosure of information to shareholders, the markets and the general public.

Accordingly, in order to strengthen communication with its shareholders and investors, in Spain and other countries, and to foster transparency in its disclosures, Banco Sabadell makes this policy available to the public via its website www.grupobancosabadell.com.

2.- Objectives, functioning and scope

The objective of this policy is to foster transparency in the markets, build trust, and safeguard, at all times, the legitimate interests of institutional investors, shareholders and proxy advisors.

As a listed company in Spain, Banco Sabadell will act with the utmost diligence and transparency in all matters, ensuring that conflicts of interest are minimised and that investors are informed punctually and appropriately while guaranteeing absolute equality among all shareholders, for the benefit of market integrity.

This policy governs and applies equally to the entire Group. In order to ensure its rigorous application in all geographies, Banco Sabadell has established a new unit in charge of Group Institutional Policy and Market Relations, based in London, whose functions include coordinating the disclosure of information to all the Group's stakeholders on a uniform, homogeneous basis in conformity with the applicable regulations. The Group also has a Global Communications Committee comprising key representatives of all the regions, which meets regularly to oversee all matters related to the Group's communication policy, including the application of this policy.
